CHURCH AND WATER STREETS

This is a historical map of a rural area, likely in the 19th century. The map is divided into numerous small sections, each labeled with a name and a number. The names are often followed by a number, possibly indicating acreage or a specific identifier. The map includes a grid system with letters A through Z across the top and numbers 1 through 36 down the right side. A winding road or path runs diagonally from the bottom left towards the top right. A river or stream is visible on the right side, flowing towards the bottom right corner. The map is titled "Map of the Town of..." at the top, but the text is partially obscured. The overall appearance is that of a historical cadastral or land ownership map.

We are headquarters for all musical merchandise. We carry a very large stock of Victrolas, Records and accessories.

WE ARE ALSO AGENTS FOR THE FAMOUS ADAM SCHAAF

"First Factory in U. S.  
to Build Silos"

# **Kalamazoo** TILE AND WOOD **SILOS** *"The World's Standard"*

"Largest Factory in U. S. de-  
voted exclusively to the  
Tank and Silo Business."

## The Choice of Farsighted Farmers, Because

### Wood Stave Silos

Your choice of four of the best time-defying woods. Quickly and easily erected even by inexperienced labor. All Kalamazoo Silos, whether wood or tile, have the famous Kalamazoo Galvanized Steel Door frames, and continuous doors which are universally recognized as the best ever designed.

They are scientifically designed; constructed of highest grade materials; built to withstand the ravages of time and sold at a fair and reasonable price. They give absolute, lasting, positive satisfaction and increase the selling value of the farm far more than the cost.

### ENSILAGE CUTTERS ARE NOT ALIKE

See the Center Share cut of the Kalamazoo. It prevents excessive vibration, cuts evenly, steadily, rapidly, and is an exclusive feature. Because of this center-share cut and absence of vibration, the Kalamazoo will do more work, better work and outlast any other cutter in the world.

### Glazed Tile Silos

"Permanent as the Pyramids"  
—fire-proof, frost-proof, storm-proof, moisture-proof, acid-proof, decay-proof, vermin-proof. Galvanized reinforcing. Require no paint, no upkeep expense or repairs. First cost is the last cost. Easy to build —and once built your silo problem is solved forever.
